WALL-STREET MONEY MARKET.

Monday Evening, Sept. 23d

The greater disposition to speculate in Stocks, which we noticed in our last review, has continued. There is considerable demand for banking purposes, as security for issues for Government and this State Stocks which cannot be met at present prices. Large amounts of New York State 6's, of 1862 to 1867, have been bid for at 106, without bringing out a sufficient supply. These Stocks must at all advance if the demand should increase, as they cannot be bought without an advance. The high prices rather check the incipient foreign demand; which, however, is more inclined than it was in favor of sound local Stocks of our States, and these, therefore, are destined to advance.

The transactions to Harlem. Reading and Erie Stock and Bonds have been large, and prices have fluctuated considerably. These Stocks are all affected by speculation as well as by a good demand for investment are attracting considerably the attention of outsiders, who no longer stand idle on the watch, as they have done for a long period, and this is an evidence of the strength of the market. There are more interested in ascending than in descending prices, the bears no longer are in the majority, and the market is evidently on the advance. Reading has lost today a portion of the gain of the last three days; and Erie and Harlem have halted in their upward movement, but the extended disposition to buy which unquestionably prevails—the strong belief in a future range of higher prices, and an easy money market, are sufficient to carry them forward, which we have no doubt will be realized.

We have received, by the two steamers just arrived from Choctaw, one million and a half of dollars in gold dust. This is the semi-monthly arrival. We expect double this amount by the monthly arrival, early in October. The accumulation in the Sub-Treasury of nearly six millions of dollars will be certified by Congress. The effect of all this additional supply is to render the market easier. Rates, however, have not yet declined, but they have no firmness and decisions where large amounts are wanted, remain in favor of the borrower. Loans are offered freely and commercial paper the offerings of which have not increased in price, are in much request. We still quote 6 1/2 per cent. for good paper, of short

date, and 7 to 8 per cent. for long dates. Loans on call at 6 per cent.

Foreign Exchange has been dull, and Sterling is less enquired after. Extreme high quotations are not readily realized. There are transactions at 9 1/4 @ 10 1/4 per cent., principally at 9 1/4 @ 10 1/4 per cent. French Exchange is firm and scarce, at 5 17 1/2 @ 5 2 1/2 for 60 day bills.

There's a good time coming.

The political, commercial and financial aspect and prospect of the country were never brighter than at present—thanks, only, to the Great Ruler of the World. Politicians have done only that which they could not help doing, and therefore deserve no credit.

The vexed questions are all settled, for the present at least, and the "agitators" leave Washington on the 30th inst.—in other words, Congress then adjourns. From that time we can make reliable quotations for merchandise, stocks and land warrants.

In anticipation of the good times coming, stocks are rising—the money market is steady, neither plus nor minus.—business is active, and speculators feel strong and safe for an upward movement in all kinds of property. Those who don't make money out of the good time that's coming, must be "crouching," indeed.

CAUTION!

Beware of all Five Dollar notes answering to the following description:—

Centre vignette, a female (Justice) resting on a short column, holding a sword and scales in her hands,—each side of the vignette, a square die containing a large letter "V"—on each end margin, a female holding a rake in one hand and a sprig of grain in the other, with the figure "5" in each corner of the note,—the word FIVE occurs five times on the top and five times on the bottom margin. It bears the imprint of "Draper Underwood Bald & Spencer."

The above plate can be altered to any bank, or to any denomination.

We also add the following description, as one likely to be altered to suit any bank.

10's centre vignette, a locomotive and train of cars, with a frightened horse,—on right end a figure in a sitting posture, the figure "10" in the upper, and the word TEN in the lower corner,—on the left end, a soldier with quadruped, &c., small state arms above, and the word TEN below him.

The CECIL BANK, Md.—Doubtful.

Pa., Sept. 14, 1850.
 Why don't you quote the "CECIL BANK" doubtful? The Banks at Harrisburg refuse it. R. Johnston & Co., of Philadelphia, want buy, and Josiah Lee, of Baltimore, handles it very tenderly. Besides it is a suspicious place and neighborhood—some persons are buying wheat with it in the interior of our State, paying large prices.

Yours, A SUBSCRIBER.

We know nothing of the parties interested in this bank, and must consider the indications as suspicious, at least, and fully justifying a DOUBT. In order, therefore, to put our subscribers on their guard, we quote this bank with a (D.), and advise the rejection of its notes;—or that they should be received only in homopathic doses.

Rumored Bank Failure.

WASHINGTON, Sept. 12.
 According to a telegraphic despatch received here last night, considerable excitement prevailed yesterday at Richmond, and neighboring counties in Virginia, owing to a report that had been circulated through Virginia, that Latham's Bank in this city had failed. The Bank, however, opened this morning, and, with its usual promptness, met all demands made against it. Large quantities of its paper are in circulation in Virginia.

We never had sufficient confidence in this concern to give it a regular quotation, but have always kept it *dashed*, (—) and our subscribers, therefore, will lose nothing if it should fail.

REVIEW OF THE NEW-YORK MARKETS, FOR THE LAST THREE DAYS.

Monday Evening, Sept. 23d.

Since our last review we have received commercial advices from Europe and California. The Liverpool market for Cotton is heavier, and shows a downward tendency, but with no regular decline, though some sales have been made at a decline, and we expect to hear by the next steamer, of a more decided decline.

Wheat is advised 1 to 2 shillings sterling per quarter higher for floating cargoes, which cannot but have a great influence on our markets.

From San Francisco we learn under date of

2s, notice the want of expression in each countenance—signatures are in the same hand—the female's dress is blurred and without proper shading—in the genuine it is plain and distinct.

2s, viz. two females sitting on an iron chest, like most of the genuine notes; around the vignette are coarse straight lines, easily seen—on the genuine they are very perfectly clouded.

20s, let. A—variously filled up and dated; paper lighter, note shorter, and the engraving less distinct than the genuine; the lines of clouding around the State House are too coarse—the lathe work around the figures is not distinct.

20s & 100s, altered from 5s, clumsily done, having retained the heads of particular individuals, as all the 5s have, none of which are on the genuine \$20 or \$100. The upper and lower margin is cut off in making the alteration.

Continued from page 1.

14th August, that provisions and necessities were being sent forward to meet the wants of the overland emigration, which was beginning to arrive in a very destitute condition. Some recent arrivals had furnished them large supplies, which are affecting prices. Tobacco was becoming scarce and prices rising. Spices were in great demand. Clothing and Hardware were in much request with an inadequate supply. Groceries were plenty and prices moderate. Breadstuffs were supplied freely from Australia and Valparaiso, and ruled at low prices. Provisions were high, but arrivals were expected. A steady and increasing business was in progress, and indicated well for the autumn.

Our advices from the West report larger receipts at the ports and the supplies on the route to this market are much increased, so that we may expect an easier market.

We present the following comparative table:

	Flour.	Wheat.	Corn.
Sept. 23, N. York	4.50@4.75	115@118	61½@65½
Sept. 23, Buffalo	3.94	82	53
Sept. 19, Chicago	3.50@4.00	70@77½	41@45
Sept. 16, Detroit	3.75@3.80		

The above table shows prices have declined in the Western market on all the articles, but in New-York, Flour and Wheat were steady, and Corn slightly better than at the date of our last notice. This will bring forward supplies.

ASIIES—A steady demand for both sorts at uniform prices—the receipts are larger but the stock is moderate.

BEEFWAX—A fair export demand for Prime Yellow at our quotations.

BOOTS and SHOES—The demand has increased during the last week. There is a scarcity of Kip brogans. The general supply is large, but hardly well assorted. The California demand is active. India rubber shoes are becoming active in demand.

CANDLES—The market has been very active, both for California and the South and West. 250 boxes sold in one lot for San Francisco at 41c. Patent has advanced to 50c.

COAL—Anthracite continues firm and in request at our figures. Foreign has arrived more freely, but is principally to order, and prices tend upward. In Cumberland a steady business is doing at \$6.

COTTON—The market is quiet, with little offering for sale, and few buyers, yet prices are firmly maintained. The stock on hand is estimated at 35,000, one-half of which only is offering. The advices are favorable for the now crop south of Carolina and Georgia. Receipts are small as yet, but in ten or fourteen days we may expect a large increase. The Pacific's news of a further decline of ¼d. sterling in Liverpool, raise still further the difference in price between the two markets; yet shipments have been making to some extent in the face of this, anticipating a week or two hence a decided rally of prices on the other side. The speculators, however, may be mistaken again. The high price is occasioning a stoppage of the Cotton mills—full thirty mills have this month ceased working, until stocks of goods are reduced, or lower prices of Cotton obtained. We do not think the late advance in Cotton justified by the circumstances of the market, and the little business there has been doing since the advance tends to favor this. Advices say the trade in Manchester is well stocked. If so, speculators will suffer. The shipments made last were wholly on American account.

COFFEE—The market has again advanced ¼c., with an active demand and reduced stock in first hands. That of Brazil is under 1000 bags. The sales of the last three days are nearly 6000 bags, of which 4000 were Rio, at 11½c.

CORDAOE—Russian has been in fair demand; 7c., short price, for 50 coils. Bolt Rope is without change, and in good demand.

DRUGS, DYES, &c.—The extreme dullness of the market affords little to report. Mexican Sarsaparilla is dull at 15c., short price. Honduras Sarsaparilla, of which 150 c-rs recently imported have been re-exported, is quiet at 21@22c. The higher quality only is in request, for the Russian market. Jalap is scarce and wanted, at 32c., short price. Small sales of Cochineal are making at \$1 @ \$1.05 for Mexican, and \$1.05@ \$1.15 for Honduras. There have been some arrivals this week. Vanilla Beans are quiet at \$3@ \$7, long price. 25 kegs Super Carbonate Soda sold \$4.50; 1400 oz. Quinine, \$3.95, 4 months; 100 tons Soda Ash, 2½ @ 3c.; and 30 casks Cream Tartar, 18@18½c.

DRY GOODS—The trade has been so largely occupied by the auction sales that little has been done, or is doing, at private sale. The cotton

manufacturers are reducing their production, but the stock of goods is still too large for the limited demand; prices are not at all in proportion to the cost of the raw material; and yet they are declining. Brown and bleached sheetings and shirtings sell only in small lots even at the reduction. Printing Cloths are at the dulllest point; many mills are stopping production and parcels can be bought rather lower than last week. Monseline de laines and cashmeres continue to be one of the exceptions to the general dullness of private sales. The demand is good, sales are quick, stock does not accumulate, and prices are firm and steady. An increase is taking place in the home production, as well as in the importations. Drills are accumulating in stock, with no shipping demand. The small enquiry making is all for home use. Cotton flannels are dull, but as stocks are small prices are firm. Gingham both foreign and domestic are very quiet and have been so since the last public sale, which well supplied the trade at low prices. The demand for Stripes is fair and steady; Osna-burges and bagging have declined a fraction. The demand has not yet revived, as expected. Satinets have been selling freely to jobbers; prices are buoyant. Heavy Tweeds are in request and prices steady. Linseys are quiet at the fixed price of 18c: but allowance of half commission is made to induce sales. Cassimeres are hardly so much in demand except for the newest styles. Woolen Shawls are in good request, and have yielded in price. The stock of Broche Shawls is smaller than usual, and better prices are realizing. Pilots and Beavers have also fallen off in demand, but prices are firm. French and German goods sell almost entirely through the auction room. The earlier sales brought full prices, especially Silks and Ribbons, but the later sales were not so fortunate. There are certain classes of high style of dress goods which are in good enquiry at private sale, and do not appear in the auction room. Mantillas and narrow Velvets of fine quality are diminishing in stock, and are likely to become scarce, from the present active demand. The stock of Ribbons is very large, and beyond the demand, and consequently prices are being affected. Ribbons if not sold in the season, become stale in style, and depreciate sadly. Merinos have been totally inactive at private sale, and as the trade supplied itself at the recent auction, an active demand is not expected. The stock is heavy. Cloths are lower by about five per cent. There is no stock of German or Belgian Blues under \$2.00, which are wanted. The importations of the week are 3295 packages, in 17 ships, 8 barks and 3 brigs. The goods taken into consumption during the week amount to \$1,123,321 in value.

DYEWOODS—There have been some large arrivals of Logwood and Fustic, but the market is dull and heavy. The stock of Laguna and Tobacco Logwood is all held by one house, and at prices above the views of buyers. \$9 is asked for Laguna and \$23.50 for Tobacco. Tampico Fustic is held at \$21, without sales, to effect which lower prices must be submitted to. Savanilla Fustic has sold freely at \$17.50@ \$18, and Braziletto Wood at \$30. St. Domingo Logwood is reported higher; 350 tons have changed hands at \$15@ \$15.50, time, short price.

FISH—Dry Cod, with a fair supply, is wanted. The stock is held at \$2.62½, which is more than the trade will give. Mackerel is in good supply, and a decline has been submitted to, but is firmer at the close; 2000 bbls. sold at \$10.75, and \$3.75 for Nos. 1 and 2. The stock now is held at \$11 and \$9.

FEATHERS—A good demand prevails for Prime, with a fair business doing for the East. In Foreign there has been more doing.

FLOUR AND MEAL—Since our last weekly notice of the Flour market, prices have slightly favored the buyer, and on some descriptions easier prices have been accepted. The export demand has been fair, particularly for the low grades of State and Western No. 1, and for the inferior grades of State, Sour and No. 2 Superfines. The large receipts, present and prospective, induce shippers to buy more sparingly, anticipating some abatement in prices the ensuing month, at some concession in prices a large business would be done as freights tend downward. The very large quantity that will soon be on the market will give the advantage to shippers, hence their unwillingness to purchase largely. The better grades have arrived freely and prices have favored buyers,—the stock of this description is now very considerable, much having gone into store. The Eastern trade have purchased moderately, looking for some de-

cline. Genesee has continued very uniform in price but quiet. Canadian has been in request, but the sales have been restricted for want of stock. New is wanted at \$4.75@ \$4.97. Southern has declined slightly, but has not been active, the stock of old being moderate, more has been done in new for the West Indies. The local trade has been moderate and receipts limited. Rye Flour has been in request for the Provinces, and prices have improved materially and are firm, the stock is very light. Corn Meal with moderate stock and fair demand, is rather better.

GRAIN—A quiet market since our last for Wheat, the supply has continued limited, and prices have further advanced, owing to the temporary short stock and fair East and export demand. The quality of wheat offering has not been strictly prime, indeed we have not seen but few prime lots this season, it is more or less grown, we mean Genesee, farmers offering their poor Wheat for sale first, that exposed to the weather. Canadian has been in request, in part to arrive, the quality is good and for this there is a speculative enquiry. Old is in limited supply, nearly all of that held by one house, has been shipped from, or on account of owners. There is some enquiry for the Provinces, but the high pretensions of holders check sales. Southern is more freely offered, but the quality is generally poor and is not wanted, good would sell freely at our extreme quotations, but the low prices prevailing here, being below those of Baltimore and Philadelphia, it has found a market there. Ohio is much wanted for export, and prices tend upward. Barley has arrived more freely, and we hear of sales of inferior at 70c. in part to arrive. Prime is very scarce and would command 73@ 80c. and this description is wanted, but no considerable quantity would find ready sales, as our brewers have but little confidence in present prices being maintained. Barley Malt is scarce, out is dull sale at \$1@ \$1.06½. Oats have arrived freely, and prices are 1 to 2c. lower, and the tendency is downward. Rye has been fluctuating, and in fair demand at the close at our quotations, the stock is small. Corn has varied considerably, with a fair and then limited arrival, the Eastern and export demand being light, at the close there was a fair demand for shipping, and prices favored holders.

HAY—A good shipping demand has prevailed at 48@ 56 c. for good North River.

HOPS—New arrives more freely, and the market is heavy at our quotations.

HEMP—A fair demand exists, but at low prices. 150 bales American Dew Rotted sold at \$110, and 500 at \$115; 10 tons Clean Russia at \$200, from store, a few from ship at \$197.50; and 60 tons Russian Ontshot, \$192.50. The stock is 400 tons Russia, 8000 bales Manila, 500 bales Jute, 200 Sunn, 150 Sisal, 50 Sisal, and 7000 American Dew Rotted.

IRON—The market is steady, with limited sales of Scotch Pig and English Bar at previous prices. 60 tons Swedish sold at \$31.50; 500 tons English, \$35.50; and 1000 pigs Scotch Pig, \$20.25 time and \$19.25, cash. The receipts are large.

HIDES—The market is quiet though well supplied, and prices are heavy though holders do not press their stocks. The recent heavy purchases by the trade enables them to hold off for the chance of lower prices, as with the present increasing stocks, further arrivals are expected; 2200 Rio Grande 21 lbs sold at 13½c, and 1000 Dry Maracibo 20 lbs at 12½c.

INDIGO—A firm market but limited in transactions. A few cases sold at quotations.

LEATHER—The market is barely supplied and orders are difficult of immediate execution. The demand for all descriptions is large and prices are very firm without change. English Leather continues to arrive freely, and butts and bends sell immediately on arrival. Light calf skins are dull, and heavy is out of the market though wanted. Some parcels of French and Belgian have also arrived and sell readily.

LEAD—The market is quiet. The recent advance was confined to sales on credit, being rated as cash, but 90 days credit was allowed, adding interest. 2000 pigs Lower Mine Lead sold at \$1.50, 3 months and interest, which is lower. 150 tons Spanish sold at \$1.50, time and interest.

MOLASSES—There is a moderate activity and more firmness in the market. About 400 hlds. have sold in the last three days, and a cargo of Syrup for refining. Our extreme quotations are readily realized.

NAVAL STORES—The high rates of freight checks shipments, and prices are depressed. Rough Turpentine has declined to \$2.50@ \$2.56, with sales of about 1500 for three days—the stock is increasing. Spirits are quiet at 31½@ 32c. cash, and 32c. time, at which 800 bbls. sold; 200 bbls. selected Tar comprise the whole stock, held at

\$2.25. Common Rosin is in moderate request at \$1.10@1.12½ for North County, and \$1.25 for Wilmington. Fine Rosin is more active at \$2.62½ @ \$3.75 for No. 1, and \$1.75@2.50 for No. 2, with sales of 1000 bbls.

OILS.—The market for Linedseed has declined, and is declining. Lots are offered ex ship at 72c. There is no demand for large quantities, but lots from store sell quickly to large aggregate amount at 75@76c, in casks and barrels. Whale Oil is dull at 52@53c, with sales limited to house use. A lot of refined Winter at 62c, 4 months. Winter Sperm is dull at \$1.20. Manufactured Oils are in active request, at \$1.25 for Natural and \$1.50 for Bleached Winter Sperm, and \$1.20 for Natural and \$1.25 for Bleached Spring Sperm. There are fewer contracts making for delivery through a period of time than is usual at this season, owing to the high ruling prices. The scarcity will ensure high prices for the winter and ensuing spring. 5000 gallons Red Oil sold at 42c, cash. Some large sales of Palm Oil, for export, were made at 5½c, cash, short price.

PROVISIONS.—The market for Pork since Thursday last has gradually assumed firmness, and prices have slightly improved. A combined effort is apparent to force up prices, which the abundance of money enables holders to bring about, notwithstanding the large stock and want of confidence with the trade generally, in the permanence of present prices. The admitted large stock of old, the lateness of the season, approaching the new slaughter, and the limited local and export demand, all favor the opinion that prices cannot be sustained. Clear is in fair request for California, and we hear of sales of 3 to 400 bbls. at \$12.50. Extra Mess is also in request for the same market. Prime Mess is very dull and nominal at \$9.75@10. Thin Mess has improved and is selling at \$10.12½@10.25. Nothing has transpired in Sour. Beef has been in steady request, but prices are a shade easier, and for country are somewhat nominal, as the season advances there is a disposition to force it on the market, particularly country, the stock of which is large and quality poor. Prime Mess is in the hands of two houses, and is selling slowly at \$15.50@16. India Beef commands \$18.50@19 in small lots, and stock quite diminished. Beef Hums are without change or sales to note, they are in few hands and not offered, last sale at \$12 for good Western. Cut Meats have sold slowly at previous prices, the stock is light, but is sufficient for the wants of the trade. Smoked Meats sell pretty freely within our quotations. Dressed Hogs are plenty and are saleable at 7@8c. Lard with an active demand for manufacturing and the trade, in part to go out of the market, has improved slightly, influenced by the same cause as noticed in our last, the tendency is still rather to advance. Butter has continued in fair demand, and Prima is not plenty and is firm. Cheese is more saleable for export, and prices are more uniform, but few choice dairies have arrived. There is still a demand for English imitation for the California trade.

RICE.—Owing to the limited supply and an increased shipping demand, the market has advanced 6c. on last week's rates. 1000 tierces have sold during the week at \$1.37½@1.37½, the latter for prime. Good grades, if free from weevil, realize \$3.62½@3.68½. The stock is very small.

SEEDS.—The arrivals of Flaxseed are limited, a lot of 300 bush. Southern sold at \$1.60, no new has come to hand. Clover is quiet, a bit of new from Baltimore is on the market, held at 40c. Oil sells slowly at 6½@7c. Timothy is quiet at \$11@18 for mowed, and \$18@22 for reaped.

SUGARS.—The market, under the influence of a good demand and diminishing stocks, has advanced another ½c. The sales for three days are about 2000 bbls., principally Cuba, and 2000 boxes Southern, at our quotations. A lot of 7000 bags Manila sold at 6c., 6 months, for refining.

STEARINE.—A fair demand prevails for good and hard; prime White at 8½@8¾c.

SPICES.—The market for Nutmegs, with rather less activity, is steady, at the recent advance. No. 1 realizes \$1.20, 6 months, and Jamaica Pimento, for export, 11½c., short price.

TEAS.—Another catalogue of Teas was offered at auction on the 21st, and being the closing sale of three in daily succession elicited a better spirit of competition than prevailed on the two preceding days. Many parties reserved their purchases, hoping to depress the market, but were obliged to purchase on the last day. Consequently prices recovered the decline we noted in our last report; a few blacks only were withdrawn.

TOBACCO.—The speculative disposition has altogether ceased; yet the demand by the trade and by jobbers is active, 5000 blads domestic Leaf have been sold at 2½@2½c for the Kentucky, and 5@5½c for Maryland. A few blads Havana realized 27@28c. The limited The transaction are restricted from the want of desirable assortments. The market has a strong upward tendency. There is no Kentucky under 7c.

TALLOW.—A good demand for Prime for export, and a fair enquiry for Common Country for home use, the latter is scarce and much wanted. Prime is firm at 7½c.

WHISKEY.—A good demand for both blads and Brandy casks at about previous prices, but at the close the market is very heavy and in some instances lower prices are accepted.

WOOL.—The market is quiet with a moderate enquiry, and prices are steady. Since the public sale held a week or two since, there has been no great activity. The receipts are moderate, only 143 bales for the last three days. We hear of a sale of 70000 lbs. three-quarter and half blood Merino Fleeced at 37½c cash. Pulled Wool is scarce and wanted, and prices are buoyant. The market is very bare of Foreign Wool.

ARRIVAL OF THE STEAMSHIP PHILADELPHIA.

The Philadelphia arrived here on the 29th, with fifteen days later intelligence from California, and \$1,000,000 in Gold Dust.

The accounts from the mining region are very encouraging to those having friends in that section of California. The dry season having advanced, the miners are excavating rocks, constructing tunnels and turning the courses of rivers, in order to get at the rich localities. Heretofore, miners have contented themselves with working on the surface only of the gold region; now, however, they are resorting to the aid of machinery to test the depth of the riches. The difficulties between the American and foreign miners have finally subsided, and the general estimate for this year's produce of gold is far above those of any previous one, and business generally will participate in this over produce.

The Bankers of Sacramento have sustained a run and promptly met all demands.

A heavy failure has occurred in Sacramento City, involving liabilities to the amount of \$1,000,000, covered, the papers state, by assets amounting to \$1,000,000. Barton Lee is the name of the person failed, and his assignees express full confidence in his ability to meet all demands.

The worst feature of this news is the account of the riot at Sacramento City, between the "Squatters" and the "Landholders," in which several persons were killed, including the Mayor, and the leader of the "Squatters." Sacramento City, it is stated, is now in ashes.

We give the following extract of the Review of the Markets:—

San Francisco, August 15th.

Breadstuffs.—Since our last, the flour market has hardly been sustained. A regular business has been done at about our quotations. Barley, oats and hay are sold at our quotations.

Bricks may be considered firm at from \$35 to \$40, as they are held for ballast at anything less than quotations.

Cement is rather plenty, the demand being less than the supply.

Candles are very firm.

Cigars keep up, although the supply is much better.

Coals are sold at our quotations, which show a decline.

China Goods, of fancy kinds, are not doing well.

Coffee is on the decline, and touched with care.

Boots and Clothing are lower.

Domestic Goods.—Brown domestics have sold pretty freely at our quotations; a fair business has also been done in printed goods.

Liquors maintain their prices firmly, if of fair quality; for prime quality the prices have slightly improved.

Lumber.—This article is not worse; a very considerable quantity has been used since our last, in building, and we think that in a few weeks much better prices will be obtained.

Provisions are considered very safe at our quotations; fresh oysters sell very readily; prime hams also meet with ready sale.

Paints and Oils in fair request at quotations.

Pickles, Preserves, Jams, &c. plenty.

Sugar.—Brown—A good supply in market; prices rather feeble. White crushed and loaf sell moderately at quotations.

Spices more plenty.

Stationery—Assortment improving.

Teas—In fair demand at quotations.

Furniture—Sales light and prices lower. Oil

Cloths have declined.

The market closes with no great animation, the stock being considered good. There is no speculative demand. Where large lots of bulky articles are forced on the market, considerable concession has to be made. Considerable difficulty is also between the shippers and consignees of goods. It should always be inserted in bills of lading, to be taken in 10, 15, or 20 days, as the case may be, with this clause: "provided the ship is ready to discharge them; also that the ship should commence discharging as soon as practicable." Much injury is also sustained by the sweat of vessels. We beg leave to suggest that all vessels should be well ventilated passing through the tropics.

Real Estate is not very active, although some sales are making at auction.

Exchange.—Money is not very active at from 5 to 6 percent per month.

Gold dust, \$16 to 16½.

Short sight bills are selling at par.

Commercial Advices—By the "Pacific."

LIVERPOOL, September 9th.

COTTON MARKET.—The sales since Friday amount to 10,000 bags, of which 3,000 are taken on speculation and for export. To-day's sales are 5000 bags, 500 being taken on speculation and 1000 for export. Prices have had a further fall of ½d. per lb. The arrivals since Friday are two vessels from the United States and two from Brazil.

September 10.

Flour and Grain.—The arrivals of British or foreign Grain and Flour are this week on a much smaller scale than for a length of time. The 1784 qrs. of Wheat are, from Stettin 1100, France 1700, Holland 1817, Odessa 2550, with 7231 sacks of Flour from France. The weather has been uninterruptedly fine for nearly a fortnight now, and the northern harvest is almost concluded. The Corn trade has a steady aspect, without alteration in quotations. An Irish buyer paid 27s 9d per 480 lbs. for about 30000 qrs. And yellow Indian Corn, on Saturday last, which is the only transaction of importance during the week. There was a fair attendance at our Corn Exchange this morning. There was not a large business done in Wheat and Flour, but in every instance extreme prices were obtained for both articles. Oats and oatmeal were not plentiful, and fully late terms were paid for those also. Barley was 1d. per bushel higher. Indian Corn was quiet, being generally firmly held at 2s. for the best Am. yellow. Complaints of a bad yield of raw Wheat are very general; this fact is best evidenced by the range of weight and prices at several agricultural markets held at the close of last week, viz. from 50 to 63 lbs. per imperial bushel, and from 30s. up to 47s. per imp. qr. Wheat, per 70lbs.—Am. and Canadian White, 63 46 4; Red, 5 10 6; Flour—Western Canal and Richmond, 23 6 2 1 per 195 lbs.; Phila. and Balt., 24 2 1 1 6 d.; Canadian Fine, 32 2 3 6 d.; U. S. and Canadian Sour, 20 2 1 d. Peas, per qr.—Canadian, 28 6 3 0. Indian Corn, per 480 lbs.—White, 23 2 8 6; Yellow, 27 9 2 3. Indian Corn Meal, per 195 lbs.—White, 14 1 1 6. Import of Grain for the week ending Sept. 9.—Wheat 8221 qrs., Oats 2122 qrs., Barley 294 qrs., Malt 533 qrs., Oatmeal 1567 loads, Flour 8223 sacks and 1100 bbls. Exports—Foreign, 50 bbls Flour; Ireland, 1039 qrs. Wheat, 1733 qrs. Indian Corn, 513 sacks and 1546 bbls. Flour; Coastwise, 622 qrs. Wheat, 4 qrs. Barley, 19 qrs. Oats, 69 qrs. Beans, 8 qrs. Peas, 323 qrs. Indian Corn, 6 loads Oatmeal, 953 sacks and 379 bbls. Flour.

LONDON, September 10th.

Produce Market.—Sugar: W. India, 7400 cases sold, and in some cases as much as 6d. per cwt. advance was obtained. Mauritius, public sales of 50000 bags went off freely at 6d. per cwt. advance, and all sold. Yellow, 38s. to 41s.; brown, 27s. to 35s. 1772 bags Penang at auction went at stiffer rates. White, 38s. to 40s 6d.; soft yellow, 34s. to 38s. 6d.; brown, 30s. 6d. to 33s. Coffee: The market closes firm, 538 bags native Ceylon at auction taken in at 48s., but 4½s. was offered. Plantation, part only of 250 casks and 70 bags found buyers, owing to stiff rates. M. adding a d. good middling realized 57s. to 63s. Other sorts 5½s. to 58s. Tea: The market closes firm. Common congou at 11½d. to 11½d. per lb. Rice: 4000 bags Madras sold at 9s. to 10s. for pinky white. These are easier rates. East India little doing, and prices barely supported. Ginger: West India more wanted and suffer rates paid, the supply being less plentiful. Cocoa: At auction 142 bags sold at 2½s. for Bahia, being rather higher prices. The Cotton sales today are not worth noting, probable on account of news per Niagara. Tallow firm, and fine Y. C. not to be obtained under 37s. 9d. for new on the spot. On Change to-day no much done. Coffee rather dull, whilst sugar was in demand, and since Friday 10,000 bags Kauch sugar sold at 2½s. 6d. Scotch Pig Iron 42s. 6d. per ton.

September 10th, 3 o'clock.

Money Market.—Consols close 96½ to 96½ for money and account. United States securities have been quiet, and the prices vary little from those of the previous week.

The Railway Market continues firm. The shares in the leading and favorite lines are about 10s. higher.

The amount of the precious metals exported from London during the week ending Thursday last, we learn from official sources, was 1995 ounces of gold, and 164,125 ounces of silver, shipped as follows:—Gold coin: to the Mauritius, 1745 ounces; to Belgium, 250 ounces. Silver bars: to Calcutta, 61,525 ounces; to Belgium, 6,900 ounces. Silver coin: to Dunkirk, 70,000 ounces; to Belgium, 18,000 ounces.

MARK LANE, Sept. 9th.

Quantity of Wheat fresh up in derate, and millers evinced little anxiety to purchase, but the sales effected were at the currency of this day week. Foreign inquired for at late prices. Barley, Beans and Peas taken freely by consumers, and quotations fully maintained. Foreign wheat 19,174, Barley, 3,149, Oats 37,311. Flour 2351 sacks and 1932 bbls, Beans, 2310.

MANCHESTER, Sept. 7th.

The weather throughout this week has been highly favorable for conducting harvest operations, and the trade has in consequence ruled somewhat inactive. For Flour only a moderate consumptive demand was experienced, but the stock in first hands being light, previous prices were supported in the business passing.

LIVER, Sept. 9th.

Our market to-day is very quiet, and no change in prices. Sales to two o'clock, 1½ sales.

Mercantile Cards on the margin, \$10 per year.

Address J. THOMPSON,
64 Wall-street, New-York.**Pasting Operation.**

This is done by pasting the figures 3, 5, 10, &c. over 1's or 2's, and the words expressing the value of the bill, such as *One, Three, Five, &c.* are defaced (or sometimes erased), and the fictitious value substituted. Another practice is, the pasting of parts of different (spurious) bills together; and this is done with a great deal of ingenuity—but they can all be detected by close inspection when held to the light. The better way is to refuse bills that are in any way deficient.

THE BANK NOTE & COMMERCIAL REPORTER.

EDITED BY J. THOMPSON,

BANKER and BROKER, 64 WALL-STREET, N. Y.,

And Issued Weekly, Semi-Monthly and Monthly for Subscribers,—Daily for the Trade

THE BANK NOTE AND COMMERCIAL REPORTER, having been recently enlarged, and its usefulness to the business community greatly enhanced, may safely challenge comparison with any work of the kind now published; as it is confidently believed that its utility cannot be procured in any other work, at double its rates of subscription. But that its merits may not rest entirely on our say so, we respectfully solicit an examination of its pages, which contain:

A full list of all the solvent Banks throughout the United States and Canadas;
Their rates of discount in New-York and Philadelphia,—and a Marginal Index.

A full description of the spurious and counterfeit notes on each Bank.

A reliable wholesale Prices Current, corrected with the greatest exactness—and a Review of the New-York Markets, made up to the close of each week.

Also, a comprehensive Financial Review, with such remarks and tables, on banks and banking, and the monetary world in general, as are calculated to serve the merchant and trader for present or future reference. Indeed, we have determined that while we do serve the public in the capacity of a Publisher, it shall be with a work deserving their confidence and encouragement, and when that work shall cease to receive their approval, we shall transfer our labor to another field.

THE FOLLOWING ARE THE RATES OF SUBSCRIPTION:

For the weekly Reporter, (including a copy of the "Coin Chart," and "Autographical Detector,") \$2.00 per annum.

For the Semi-Monthly Reporter, do. do. do. and do. do. - \$1.00 per annum.

For the Monthly Reporter, - - - (including a copy of the "Coin Chart,") - - - 50 cts. pr an'm.

Subscriptions invariably in advance. Address,

J. THOMPSON, Stock & Exchange Broker, 64 Wall-st., N. Y.

THE AUTOGRAPHICAL COIN CHART MANUAL

COUNTERFEIT DETECTOR;

CONTAINING FAC-SIMILE

Signatures of the President & Cashier of every Bank in the United States.

This is one of the most rare and unique works ever issued from the press. Each name herein represented, (and there are about 1100 in all) is a perfect transfer from the genuine signature; taken, in most cases, from bills received direct from the bank, for that purpose.

Single copies, 25 cents.

The subscribers to the Weekly and Semi-monthly "Bank Note and Commercial Reporter," are entitled to a copy of each of the above books, (and the Monthly subscribers have a copy of the Coin Book,) free of charge.

CONTAINING ABOUT
NINE HUNDRED FAC-SIMILES
OF THE VARIOUS
GOLD AND SILVER COINS
OF THE WORLD.

This work has gone through about thirty editions, and contains a larger number of illustrations than any other book of the kind ever published; embracing coins of almost every nation in the world—making it a source of information to the student, and a guide to the trader.

Single copies, 12½ cents.
